

JUMBO'S A to Z of GUJARAT

Dr. Pavan Podar
Chairman, Podar Education Network

About this book:

This picture book about Gujarat, will help children learn about the state, its culture along with their ABC's. At Podar Prep we believe in the teaching-learning maxim of 'known to unknown' and this is the style adopted in this picture and activity book. Children will be able to relate to the known aspects of the special state of Gujarat in the learning of the English Alphabet. We believe that children should be nurtured in understanding their roots and that will help them achieve their wings, for success in life. Enjoy this unique A to Z of Gujarat book with your child.

How to use this book:

This special book on A to Z of Gujarat is Podar's tribute to the state on its inception day, May 1st. Parents and teachers can use this book to help children learn to recognize the English alphabet, and in doing so the pictures in this book will help the children relate to the A to Z of Gujarat. When children learn about their state in pictures and then learn about the English alphabet, it is truly called local to global. Children will learn the names of places and people and will be able to identify the letter they begin with, this will help in the foundation of phonics learning. After each letter is a small and simple activity that the children can enjoy to explore each letter further. Each of the letters also have arrow formations to help the children understand the formation and flow of each letter which will help them in future writing skills. After every activity note the words, this will help parents & teachers use different words to motivate children, instead of just saying good boy / girl. Jumbo's A to Z of Gujarat is a must have for every child.
